FORM D

URUGUAYAN PROGRAM – INFORMATION FORM

ELEMENTARY (Nursery to 6th grade)

Nursery (3 years old) to 6th grade – Elementary School

The Uruguayan Program (UP) is designed for students who wish their studies at the Uruguayan American School (UAS) be officially acknowledged by the government educational agency, the *Consejo de Educación Inicial y Primaria* (CEIP, in Spanish) of Uruguay.

Since 2000, UAS has been certified by the Uruguayan government as an educational center; therefore, it may issue an **Official Transcript** only to students enrolled in UP who wish to submit their school records to other educational centers in Uruguay and/or applicable entities.

In 2013, a Consolidated School Calendar (from August to June, following the Northern Hemisphere) was approved, as well as the Integration of Mathematics and Science Programs taught in English within the American Program (AP).

Pre-requisites for Enrollment:

- Be 3 years old at the beginning of the school year (for Nursery students).
- Submit an Official Transcript or other documentation that certifies the student's previous studies, if student comes from another educational center in Uruguay or abroad.
- Take a grade-based Spanish language test (non-disqualifying)

General Information:

- Enrollment in UP is optional. School hours will remain unchanged if the student is enrolled in this program.
- From Kindergarten to 6th Grade, UP includes the following core subjects, established by government curricula. These subjects are:
  a) Spanish Language
  b) Social Studies (History and Geography)
  c) Mathematics and Natural Sciences - Integrated within AP and taught in English

  There are also special courses—Music, Physical Education, Computers, Drama, and Art, which are coordinated within AP and also taught in English.

It is also important to note that all courses are yearlong. Therefore, if a student changes schools after the end of the first semester at UAS, his/her transcript would read: "*year in progress with the applicable grade*" since the full year course was not completed.

IMPORTANT – Because AP/UP are integrated programs, students enrolled in UP must show strong academic achievement in AP, according the grade they wish to enroll, in order to attain academic success in both programs.

If you have any questions, please contact Cecilia Burgueño (UP Elementary Coordinator) at: cburgueno@uas.edu.uy

Accredited by **New England Association of Schools and Colleges**
ANEP-CEIP. **Colegio Habilitado N° 163.** ANEP-CODICEN. **Exp. N° 907.778.**

As parent/guardian, I acknowledge receipt of information regarding the integration of the American Program and the Uruguayan Program at the Uruguayan-American School.

Student Name: _____ Grade: _____

After reading and understanding the integration details of both programs, please indicate your choice:

I wish to enroll my child in	I do not wish to enroll my child in	
		Uruguayan Program – Elementary – Kinder to 6th grade

Parent/Guardian Signature: _____

Print Name: _____

Date: _____

Note: If you wish to enroll your child in the Uruguayan Program, please attach your student's Official Transcript to this form.
